

2008

- **November 25, 2008**

Workshop (Sala Riunioni LaboRaf – Dibit 2, 5° piano)

Improvision®, a PerkinElmer company, presents: **4D CONFOCAL IMAGING**

Seminar & Workshop

(see notice)

In collaboration with PerkinElmer Italia

Registration needed

- **November 05-07, 2008**

Workshop & Demo (Sala Riunioni LaboRaf – Dibit 2, 5° piano)

Andor Technologies presents: Spinning Disk Confocal Microscopy and TIRF Microscopy

EMCCD Camera FRAP and PA module (FRAPPA)

(see notice)

In collaboration with Andor Technologies and Lot-Oriel Italia

REVOLUTION XDM Microscopy System with TIRF and FRAPPA modules will be available for interested users at ALEMBIC.

Registration needed, **Dead-line subscription 30/10/2008**

application form

- **October 20, 2008 and October 22, 2008**

Course

XX ALEMBIC Theoretical and Practical Course of Optical and Electron Microscopy

- **September 30, 2008**

Seminar (Aula Caravella Nina, 14:00)

The IMAGESTREAM System from AMNIS Corporation

Imaging flow cytometry combines the information richness of microscopy with the statistical power of flow cytometry. In collaboration with IL-International Laboratory Italia

Download Instrument brochure or launch ebrochure. Registration needed, see notice

- **September 09-11, 2008**

Workshop

THE NEW DIMENSION IN CONFOCAL LASER SCANNING MICROSCOPY: the new LSM 710

In collaboration with Zeiss Italia Presentation of new Zeiss confocal, LSM 710 Instrument brochure.

Registration needed. If you are interested in, please fill the application form

- **June 2008**

Now ALEMBIC join in ELMI network (European Light Microscopy Initiative)

ELMI homepage

- **May 20, 2008**

RaiTV -TG3 Leonardo "**Vedere l'invisibile**" See the video

- **May 19, 2008 and May 21, 2008**

Course

XIX ALEMBIC Theoretical and Practical Course of Optical and Electron Microscopy

- **May 06-16, 2008**

Dem

The new LEICA AM TIRF MCthe new Total Internal Reflection Fluorescence systems from Leica
in collaboration with [Leica Microsystems](#)

[Instrument brochure](#)

[Technology presentation](#)

- **May 06, 2008**

Seminar (Aula Costantino, 14:00)

Prof. Ross Rinaldi ([National Nanotechnology Laboratory, CNR INFM& ISUFI-Distretto Tecnologico, Universita' degli Studi di Lecce](#))

Nano- Biotechnological methods for innovative diagnostics and therapy

- **February 6-10, 2008**

Course

Bioimaging e Saggi Cellulari

In collaboration with [Società Italiana di Fisiologia](#)

with contribute of:

- [GE Healthcare](#)
- [Leica Microsystems](#)
- [Perkin Elmer](#)
- [Zeiss Italia](#)

Here it is what happened!
