

2018

- **November 22 and 27, 2018** | ALEMBIC Course
XLI ALEMBIC Theoretical and Practical Course of Optical and Electron Microscopy
- **November 20, 2018** | Seminar (download the flyer [here](#)).
In collaboration with [Merk Millipore](#)
1st Italy, Spain and Portugal ImageStream User meeting

- **July 10, 2018** | Seminar (download the flyer [here](#)).
In collaboration with [Leica Microsystems](#)
*Fluorescence Lifetime Imaging Microscopy (FLIM):
add a new dimension to your images*
Dr. Glauner Heike, Senior Director Europe, Application Workflow Specialist EMEA
Confocal Microscopy/ FLIM & FCS – Leica Microsystems
Aula San Paolo, DiMeR, h 16.00

- **June 21, 2018** | Seminar (download the flyer [here](#)).
In collaboration with [Bio-Techne](#)
*Visualize Gene Expression & Genetic Variations in Tissues:
Applications of RNAscope® and BaseScope™ ISH assays*
Dr. Kai Wilkens, Senior Director Europe, ACD – A Bio-Techne Brand
Aula San Paolo, DiMeR, h 11.00

- **May 29, 2018** | Seminar (download the flyer [here](#)).
In collaboration with [EssenBioScience](#)
A Workshop on IncuCyte S3® consumables
Dr. Luca Caneparo, Field Application Scientist, EssenBioScience and Dr. Claudio Bencivenga, Technical Sales Specialist, EssenBioScience
Aula Nina, DIBIT1, -1S, h 11.00
- **May 22-24, 2018** | ALEMBIC Course
XL ALEMBIC Theoretical and Practical Course of Optical and Electron Microscopy
- **May 17-31, 2018** | ALEMBIC
RS-G4: Speed Revolution in Confocal Imaging. Innovative Technology: Big Samples...at High Resolution and Amazing Speed!
On site* demo in collaboration with [Maving Research](#).

May 17, 2018 | Instrument introduction (download the flyer [here](#)).

Dr. Roberto Banchi, Sales and application specialist Maving Research
Seminar Meeting Room, LaboRaf, DIBIT2, -1S, h 11.30

*The instrument will be available @ALEMBIC from May 17th to May 31st.

- **February 13-14, 2018** | ALEMBIC
IncuCyte S3, in vivo image analysis system installation
in collaboration with **Essen BioScience**
